

SNOW-3800 Series

Active flow-through venting system prevents condensation and fogging.

Italian-made, dual-layer PC lens. Full UV protection. Drop Ball Test compliant. Lens options: Revo, Smoke Black, Silver Mirror and many others.

Adjustable nose-bridge foam gives the most comfortable fit possible to the widest variety of face size/shapes.

Patented One-Key Release System (OKRS) allows for fast and easy swapping of lenses.

Quick-release strap allows for easy repair/replacement, color upgrades, or swapping silicon-backed (helmet) for a standard (hat) strap.

Ultra-soft, triple-layer, absorbent and breathable 'memory foam' gives optimal face contact for the most comfortable fit.
